Table of Contents

Homepage

https://visionaiddat.c4g.dev/

1. To sign into the website and access the dashboard and other pages click the 'Sign In' button in the top right corner and request teeam member for permission
2. To learn more about the project and team click the 'Team' link in the bottom right corner of the page

Dashboard

https://visionaiddat.c4g.dev/dashboard

1. To generate a report, you first
   a. Enter a website URL with the full https or http url
   b. Drag and drop or upload and html file
2. Next you can optionally select or unselect the WCAG success criteria you want from the 'Select & Customize WCAG Criteria' dropdown
   a. You are also able to modify the prompt used to generate the reports by clicking on the drop down associated with the criteria
3. Click the 'Generate Accessibility Report' button to begin the report generation process. Note that this might take several minutes due to the large number of criteria being evaluated against.
4. After the report has been generated to download the report to an excel sheet click the 'Download Excel Report' button

Users Page (Admin Only)

https://visionaiddat.c4g.dev/users

1. This page is viewable only to users with the designated ADMIN role. This lists name, email, role, id, created at, updated at and actions for each user's account.
2. You must have the ADMIN role to be able to use the dashboard.

3. To change a user's role, use the dropdown menu under the Role column and select ADMIN.
    a. After making the change, simply tab to another user, this will automatically save the updated role.
